

# COVID-19 UPDATE

March 23, 2020

**HYLES-ANDERSON**  
C O L L E G E

Dear HAC Family:

In an effort to assist our state and local officials with the response to COVID-19 in the state of Indiana, we have made the decision to suspend all on-campus classes for the remainder of the semester. This decision supersedes the initial restart date of April 7. All classes will conclude through Remote Learning.

## **To those students who have already left campus:**

1. Please do not plan to return to campus for any reason until after the stay-at-home order for the state of Indiana is lifted on Tuesday, April 7. Please note that this date may be adjusted according to the governor's recommendations.
2. Please continue to complete your classes through Remote Learning. All academic requirements will remain in place, and final exams will be administered through Canvas.
3. If you left personal items on campus with hopes of return, we ask you to do the following:
  - a. Communicate with the Office of Student Life regarding scheduling a pick-up date after April 7, or
  - b. Communicate with the Office of Student Life about having your personal items packed and stored, free of charge, for the summer.

## **To those students who are still on campus but will be leaving in the next few days:**

1. Please communicate with the Office of Student Life regarding when you will be leaving campus.
2. Please plan to take all of your personal items with you or arrange for summer storage with the Office of Student Life.
3. Please continue to complete your classes through Remote Learning. All academic requirements will remain in place, and final exams will be administered through Canvas.

## **To those students who will remain on campus for the duration of this process:**

1. We understand that for some of our students, it is better for them to remain on campus. We will continue to accommodate those needs as necessary.

2. On-campus dining will remain operational and most on-campus services will remain functional.
3. The campus will remain closed to anyone who is not a resident student or employee.

**We will be announcing details about Commencement Exercises in the next day or two.**

We appreciate your understanding as we navigate these unusual waters together. Please contact us if you need anything. Stay safe. Stay healthy. We love you and miss having you on campus.
